25X1

1. [REDACTED] Talked to Senator Stuart Symington who said "another senator" had become much concerned about allegations in an article in November's Harper's magazine by Andrew St. George and threatened to make a public issue of the matter. Symington asked if we could provide him with any information to refute these allegations. I said we indeed could and I could assure him that the author of the article was a highly questionable character. I told him we would have someone who knew about the details come over and brief him at his convenience, and he suggested 2:30 p.m. this afternoon.

3. [REDACTED] Talked to Marian Czarnecki, Chief of Staff, House Foreign Affairs Committee, who told me that the Rosenthal Subcommittee has been authorized a trip to the Middle East but that there has been no authorization for Representative Lester Wolff nor any request that he knows of for Committee-sponsorship of a trip by Wolff to the Far East.

Czarnecki mentioned in passing that they hope to finish the conference work on the foreign aid legislation today.
